48 pages of NEW applications

Call us for a free demo van appointment...

Engineers, maintenance specialists, and line technicians find this gurney informative and useful. We have even started building gurneys for some people to display their own product. Our gurney will show you some project solutions & no purchase is necessary. [ON-LINE BOOKING](#) or call 905-738-6688

Why sense when you can measure? [Baumer Electric](#) Analog sensors can measure the distance between the sensor and your object from 0.1 μm to 1 metre. IPEC also carries IVO/Baumer Analog Displays. (Just Click the newsletter on our homepage for web links)

	<p>IWRM 30-PDF Alpha Prox</p>		<p>OADM 20-PDF Distance Measuring photoelectric sensors</p>	
<ul style="list-style-type: none"> - Measuring range can be adjusted. - Linearized output signal - External Teach-in - Completely integrated electronics - Additional digital PNP output with programmable window function. <p>External Teach-in adapter as an accessory.</p>		<p>Measuring range can be limited Spot or Laser Beam Dimension: 20,6 x 65 x 50mm Measuring Distance: 30....1000 mm Resolution: to 0,01mm Response time: <10ms Output: 4...20mA/0...10V RS 485 An alarm output indicates an incorrect measurement or if the object is outside the measuring range.</p>		<p>http://www.ivo.de/index_de.html</p> <p>Operating instructions Interface documentation Declarations of conformity Approvals</p> <p>Layer & Distance Monitoring Detection & display of a physical measurement, switching outputs for max./min. monitoring.</p>

FACTORY AUTOMATION

905-738-6688

IPEC has been serving Canada's Factory Automation Needs since 1981. At IPEC we are always happy to share our knowledge with our valued customers. If you have a problem we have solutions. We stock a range of pneumatic, electronic & mechanical components to build new automated work stations or to maintain the old ones. We also have all the accessories required to finish any job the right way. Our well trained staff can assist you in choosing the proper components for you application.
